

## **Live Stream Policy for Town Board Meetings**

Until further notice we will use livewebinar hosted by Roger Peck.

We will not provide telephone call-in.

The login information will be routed to our email list on or before the Sunday before the meeting, posted on the website and appear on the official agenda that's posted.

Persons can type in questions/comments and we will respond during the meeting as appropriate.

Board members are encouraged to attend the meeting in the CC but can, if necessary, participate via this channel by typing in comments, motions, and votes.
